- (a) that the certification was not in fact executed by the chief executive officer or other officer approved by the Department of Commerce;
- (b) that the applicant's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process;
- (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by DOC; or
- (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental design.
